

Rigid Couplings for PVC Connections to Sewer Main

Building and Neighborhood Services
109 3rd Avenue South
Franklin, TN 37064
615-794-7012 OFFICE 615-591-9066 FAX

NOTICE

The City's standard design detail for the connection of private sewer laterals to the City of Franklin Sanitary Sewer requires hard/rigid couplings for PVC → PVC connections effective January 1, 2013.

This is a common point of minor leakage and root growth into the piping, causing many unnecessary repairs to both the homeowner and the City.
