## MEMORANDUM

---

January 10, 2012

TO: Board of Mayor and Aldermen

FROM: Eric Stuckey, City Administrator *ES*  
Vernon Gerth, Assistant City Administrator for Community and Economic Development  
Catherine Powers, Planning and Sustainability Director

SUBJECT: Ordinance 2011-37, Amendment to the Franklin Municipal Code to Revise Section 14-202, Fees for Inspection and Re-inspections for the Planning Review Process

### **Purpose**

The purpose of this memorandum is to provide the Board of Mayor and Aldermen (BOMA) with information regarding an amendment to the Municipal Code for a revision to the Fees Schedule for Plan Review, specifically to eliminate fees related to the Concept and Regulating Plans and implementing a new fee for review.

### **Background**

In the summer of 2009, the Planning and Sustainability Department undertook a survey of similar cities to ascertain Franklin's position related to fees charged for development projects. Franklin fees were found to be low in comparison to most similar communities and the Plan Review fees were increased by the BOMA, including those fees associated with the review of Concept and Regulating Plans.

At the present time, the Concept Plan and Regulating Plan are being combined into one plan called, the Development Plan. This new Development Plan will provide the Planning Commission and the BOMA with more information than the existing Concept Plan while saving the design professionals approximately sixty (60) days in review time.

The new Development Plan will also save administrative time from the existing Concept and Regulating Plans since staff will need only one pre-application conference, will review one plan instead of two, prepare one Planning Commission staff report and one resolution for consideration. However, some of the administrative time savings will be offset by the extra level of review required for a more detailed submittal.

The Planning Commission gave a favorable recommendation of this item (8-0) at the December 15, 2011, FMPC Meeting.

### **Financial Impact**

Not applicable to this item.

### **Options**

The Board may choose to accept, amend or decline the proposed fee schedule.

### **Recommendation**

Approval of the Municipal Code amendment is recommended.
