SUBJECT: SR 252 (Wilson Pike) and McEwen Drive Intersection Improvements
City of Franklin Contract #: COF 2010-0152
Amendment No. 3

Purpose

The purpose of this memorandum is to provide the Board of Mayor and Aldermen (BOMA) with information to consider approval of Amendment No. 3 for the Professional Services Agreement (PSA) for SR 252 (Wilson Pike) and McEwen Drive Intersection Improvements Project

Background

BOMA approved the PSA for the above referenced project with Clinard Engineering Associates, LLC on October 28, 2010 in an amount not to exceed \$180,000. On December 13, 2011, BOMA approved Amendment No. 1 to the PSA, which allows Alfred Benesch & Company to complete the project per the original agreement with Clinard Engineering Associates, LLC. On March 13, 2012, BOMA approved Amendment No. 2 to the PSA, which allows for the payment of reimbursable items such as permits, review fees, and various other fees.

This amendment is meant to cover several additional design items that are outside the scope of the original agreement. Specifically, these additional items include: design and permitting for relocation of existing City of Franklin sanitary sewer force main, addition of Intelligent Transportation System (ITS) conduits to the bridge structure for future use, and design of shared access driveway and associated signal modifications for property owners whose existing driveways are in direct conflict with the proposed traffic signal. All items included with this proposed amendment are listed on Exhibit A.

Financial Impact

The cost, as negotiated with Alfred Benesch & Company, for the additional services is an amount not to exceed \$10,400.
