LAND USE PLAN RECOMMENDATIONS
<p>The West Harpeth Character Area contains 6,120 acres located on the northwestern edge of the UGB. New Highway 96 West transverses the area, and Hillsboro Road is near the eastern boundary. The area is bound to the northeast by the Harpeth River and to the west and northwest by the West Harpeth River. The Central Franklin Character Area is to the east, and the Southall Character Area bounds the area to the south.</p> <p>The West Harpeth area will be an exemplary model for the way in which new development can be accommodated while preserving open space, sensitive environmental features and historic farmsteads. It will be an area of high quality guided by design standards and mixed-use developments.</p> <p>Special Area 2 of the West Harpeth Character Area, which is specific to this parcel, notes that smaller lots should not be located on the exterior of a proposed development adjacent to, or across the street from, larger lots of an existing development. However, if the applicant proposes an alternative, and if potential conflicts will be created, the applicant shall give justification as to how they will be mitigated or avoided. All other policy directives in Special Area 2 relate to nonresidential development, which is not permitted in the base zoning district proposed with this request.</p>
