LAND USE PLAN RECOMMENDATIONS

The Southall Character Area straddles Carters Creek Pike and Columbia Avenue to the southwest and south of downtown Franklin. To the north, the area is bound by the West Harpeth and Central Franklin Character Areas, to the east by the Carnton and Goose Creek Character Areas and to the south and west by the UGB. There are approximately 4,230 acres in the area, and large residential lots and vacant land account for a majority of that acreage. There are almost 400 acres dedicated to industrial uses, which is more than half of the region's total (although much of this is the rock quarry), and there is also some commercial and office space.

Several issues arise in regard to the Columbia Avenue corridor: Excessive signage creates a visual blight along the corridor; as it continues to develop and redevelop, efforts are required to improve the visual aspect of the signage. There is the potential to widen Columbia Avenue from Downs Boulevard to the outer limits of the UGB.

This site in particular is located in Southall Character Area - Special Area 1. This Special Area is reserved for Light Industry and related uses.
