COMMENTS: This request is to rezone the properties along West Main Street and Rucker Avenue from GO and R-3 to RX to permit attached residential dwellings.

Land Use Plan Recommendations

The West Harpeth Character Area contains 6,120 acres located on the northwestern edge of the UGB. New Highway 96 West transverses the area, and Hillsboro Road is near the eastern boundary. The area is bound to the northeast by the Harpeth River and to the west and northwest by the West Harpeth River. The Central Franklin Character Area is to the east, and the Southall Character Area bounds the area to the south. [The southeastern portion of the Character Area is well established and fronts a portion of West Main Street west of Downs Boulevard.] The West Harpeth area will be an exemplary model for the way in which new development can be accommodated while preserving open space, sensitive environmental features and historic farmsteads. It will be an area of high quality guided by design standards and mixed-use developments. More specific to the West Main Street area within Special Area 2 of the West Harpeth Character Area, the Land Use Plan recommends that smaller lots should not be located on the exterior of a proposed development adjacent to, or across the street from, larger lots of an existing development. However, if the applicant proposes an alternative, and if potential conflicts will be created, the applicant shall give justification as to how they will be mitigated or avoided.

Conditions of Approval:

1. Greenway Master Plan

As per page 5-112 thru 5-115, subsection 5.5.4 in the Franklin Zoning Ordinance developments with 10 or more dwelling units shall dedicate land to the city or in this case Fees in Lieu of will be applied.

2. Addressing

Applicant shall submit street names to Williamson County E-911 Center and to the City of Franklin Planning and Sustainability Department for approval.

PROCEDURAL REQUIREMENTS:

1. If the plan receives BOMA approval, the applicant shall upload the corrected plan to the online plan review website (<https://franklin.contractorsplanroom.com/secure/>) and submit one (1) complete and folded set and a .pdf file of corrected development plan to the Department of Building and Neighborhood Services (Suite 110, Franklin City Hall). All revisions to the approved plans shall be "clouded." A response letter addressing each condition of approval shall be included with the .pdf upload and the set of corrected plans.
2. The city's project identification number shall be included on all correspondence with any city department relative to this project.
