SUBJECT: Ordinance 2013-08, an ordinance to rezone ± 10.03 acres from Agricultural District (AG) to Estate Residential (ER) for the properties located at 252 and 256 Spencer Creek Road

Purpose

The purpose of this memorandum is to provide the Board of Mayor and Aldermen (BOMA) with information regarding an ordinance to rezone ± 10.03 acres from Agricultural District (AG) to Estate Residential (ER) for the properties located at 252 and 256 Spencer Creek Road

Background

This ordinance was favorably recommended to the BOMA by the Planning Commission with an 8-0 vote at the February, 28, 2013, FMPC Meeting. The project information and comments from the FMPC staff report are included below.

PROJECT INFORMATION	
Existing Land Use	Vacant / Detached Residential
Proposed Land Use	Detached Residential
Existing Zoning	AG
Proposed Zoning	ER
Acreage	10.03 acres
Development Standard	Either
Character Area Overlay	BCCO-1
Other Applicable Overlays	HHO
Minimum Landscape Surface Ratio	.60 in ER

SURROUNDING ZONING AND LAND USE		
Location	Land Use	Zoning
North	Detached Residential	County
South	Detached Residential	R-1
East	Detached Residential	County
West	Vacant	AG

LAND USE PLAN RECOMMENDATIONS

The Berrys Chapel Character Area comprises approximately 3,900 acres in the north-central portion of the UGB. The northern boundary of the area is the UGB, Sims Lane and Lynwood Way. Mack Hatcher Parkway is the southern boundary, and the Harpeth River is the primary west edge of the area. It is bound to the east by the McEwen Character Area. The primary existing land use in the area is single-family residential, with pockets of civic and retail uses along Franklin and Hillsboro Roads. In the northeast section of the area there are over 900 multifamily units that provide a variety of housing options.

Additionally, the following provisions apply specifically to Special Area 1:

1. Development fronting on Berrys Chapel Road shall be on lot sizes comparable to those that currently exist along the road.
2. Development in the remainder of this area shall be Rural with a Conservation Subdivision District.
3. Open space shall be oriented towards preserving hillsides and hilltops.
4. New development shall have a maximum gross density based upon the prevailing density of the developed subdivisions of Deerfield, Echo Estates and Echo Glenn Subdivisions.
5. This maximum density requires one or more acres per dwelling unit.
6. Smaller lots should not be located on the exterior of a proposed development adjacent to, or across the street from, larger lots of an existing development. However, if the applicant proposes an alternative, and if potential conflicts will be created, the applicant shall give justification as to how they will be mitigated or avoided.
7. Detached Residential is the singular appropriate residential land use for Special Area 1.

PROJECT BACKGROUND: This rezoning request is submitted in order to rezone the properties at 252 and 256 Spencer Creek Road from AG to ER.

PROJECT REVIEW

STAFF RECOMMENDATION: Favorable recommendation to the BOMA:

COMMENTS: As shown on the map attached to this staff report, approximately 50 percent of the area within these two parcels is within the HHO Overlay, and restricts development to uses outlined in Section 3.4.8 of the

HISTORIC
FRANKLIN
TENNESSEE

MEMORANDUM

Franklin Zoning Ordinance. Additionally, while all properties along the north side of Spencer Creek Road are zoned AG, if these parcels are rezoned to ER and later subdivided, the density would be compatible with existing lots in Deerfield and Echo Estates and would remain under 1 unit per acre (ER density is .5 unit/acre) as recommended by the Franklin Land Use Plan. Therefore, staff feels that a rezoning to ER is appropriate given the constraint of the HHO and the character of adjacent areas.
