MEMORANDUM

May 31, 2013

**TO:** Board of Mayor and Aldermen

**FROM:** Eric Stuckey, City Administrator *ES*  
David Parker, City Engineer/CIP Executive  
Paul Holzen, Director of Engineering  
Patricia Proctor, Utilities Project Manager

**SUBJECT:** **Consideration of Resolution 2013-36 – A Resolution to Incorporate Street, Sidewalk and Storm Drainage Improvements into the 11<sup>th</sup> Avenue Water and Sanitary Sewer Rehabilitation Project.**

**Purpose**

The purpose of this memorandum is to provide information to the Board of Mayor and Aldermen (BOMA) for the consideration of including street, sidewalk and storm drainage into the 11<sup>th</sup> Avenue Water and Sanitary Sewer Rehabilitation Project.

**Background**

On January 22, 2013 the Board of Mayor and Aldermen approved a professional services agreement (PSA) with Barge Waggoner Sumner & Cannon, Inc for the 11<sup>th</sup> Ave South Water and Sanitary Sewer Rehabilitation Project. As part of this project, the City of Franklin will be replacing all water and sanitary sewer mains and rebuilding the roadway at the completion of the project. Currently there are areas of 11<sup>th</sup> Avenue that do not have sidewalks. In order to provide better pedestrian access and connectivity, the City is proposing to install sidewalks in these areas as part of the proposed improvements to 11<sup>th</sup> Avenue.

**Financial Impact**

The construction cost as estimated by Barge, Waggoner, Sumner and Cannon (BWSC) for the project is as follows:

**Water and Sanitary Sewer Project Only**

Water and Sanitary Sewer	\$663,000 – Paid from Water and Sanitary Sewer Fund
Street	110,000 – Paid from Water and Sanitary Sewer Fund
<b>TOTAL</b>	<b>\$773,000</b>

**Water and Sanitary Sewer Project to include Streets, Sidewalk and Storm Drainage**

Water and Sanitary Sewer	\$773,000 – Paid from Water and Sanitary Sewer Fund
Stormwater	48,000 – Paid from Stormwater Fund
Streets and Sidewalk	208,000 – Paid from Capital Fund
Right-of-way	21,000 – Paid from Capital Fund
<b>TOTAL</b>	<b>\$1,050,000</b>

The Capital Project funding (\$229,000) can be provided through an addition to a future bond funding for capital projects, the identified use of the City’s general fund reserves, or an amendment to the current general fund budget to provide funding from operating capital.

### **Options**

The Board has the following options:

1. Approve the water and sanitary sewer improvement only (including associated street repair);
2. Approve the water and sanitary with the additional storm drainage and sidewalk improvements;
3. Defer the decision related to the additional improvements until the Board's Capital Investment Project prioritization is complete.

### **Recommendation**

Staff recommends approval of Resolution 2013-36 – A Resolution to Incorporate Street, Sidewalk and Storm Drainage Improvements into the 11<sup>th</sup> Avenue Water and Sanitary Sewer Rehabilitation Project.

**RESOLUTION 2013-36**

**A RESOLUTION TO INCORPORATE STREET, SIDEWALK AND STORM DRAINAGE IMPROVEMENTS INTO THE 11<sup>TH</sup> AVENUE WATER AND SANITARY SEWER REHABILITATION PROJECT.**
