MEMORANDUM

June 11, 2013

TO: Board of Mayor and Aldermen

FROM: Eric Stuckey, City Administrator *ES*
Vernon Gerth, Assistant City Administrator for Community and Economic Development
Catherine Powers, Planning and Sustainability Director

SUBJECT: Ordinance 2013-17, An Ordinance to Rezone ±1.45 Acres From Office Residential District (OR) to Residential Variety District (RX) for the Property Located at 1319 West Main Street.

Purpose

The purpose of this memorandum is to provide the Board of Mayor and Aldermen with information regarding an ordinance to rezone ±1.45 acres from Office Residential District (OR) to Residential Variety District (RX) for the property located at 1319 West Main Street.

Background

This text amendment was favorably recommended (4-3) by the Planning Commission at the May 23, 2013 FMPC meeting.

West	Office	OR

LAND USE PLAN RECOMMENDATIONS
<p>The area consists of a mixed use commercial corridor with traditional neighborhoods to the east along West Main Street and surrounding areas. Institutional uses, such as Williamson County Administration offices, are found within the area. Located to the east along West Main Street is the historic Hincheyville neighborhood. Over time, the area has</p>

developed with a unique mix of land uses. Buildings mostly reflect a low intensity and scale. The area now provides an important role of providing services for the surrounding neighborhoods. Future development should respect the residential character of the surrounding area.

West Main Street will remain an important gateway and corridor into Central Franklin.

West Main Street has developed with smaller scale residential, commercial, civic and institutional uses. These existing uses are considered to be compatible with surrounding uses. Over time, additional redevelopment is likely to occur with similar types of uses. The eclectic mix of uses such as neighborhood retail and restaurants should remain, as they make this area unique to Franklin. Attached residential uses and accessory dwellings are appropriate in the area.

The West Main corridor should follow standards for traditional areas.

- Development standards derived from the adopted Columbia Avenue Overlay district will further apply along the corridor. These standards will be unique to West Main, as the area differs in character from Columbia Avenue.
- Buildings should reflect a lesser intensity and scale. Buildings will be at a scale of 1-2 stories in height.
- Development may be supported by surface or structured parking located to the side or rear of buildings which address the street. On-street parking is encouraged. Surface parking areas should be lined with buildings to diminish the appearance of parking from public view.
- Structured parking, if provided, must be lined with active ground floor uses. Landscape and/or architectural features should diminish the appearance of parking from public view. Structured parking should be screened from view and should not have a presence along the streetscape. Structured parking may be allowed on the outside of the block if it maintains an active ground floor.

PROJECT BACKGROUND:

This request is to rezone the property at 1319 West Main Street from OR to RX to permit attached dwellings.
