**STAFF REPORT

PLANNING DEPARTMENT COMMENTS

Overview

This item was deferred from the February FMPC to the May meeting. The Monticello Subdivision east area is the eastern portion of the Subdivision serviced by city sewer. It contains 43 single-family homes. The MR zoning district (two dwellings per acre) most closely resembles the lot sizes and is the recommended district.

FMPC MINUTES FROM FEBRUARY 22, 2007, ITEM 27

Mr. Jay Johnson, City Administrator, asked that items 25 through 30 be deferred for 90 days. Tuesday, February 20, 2007, the Public Enterprise Advisory Committee, which was over water and waste water, received a report regarding the sewer service to this area. That report had been shared with the neighborhood association president. It was taken under advisement by the committee. Pending their review and recommendations, he requested deferral.

Mr. Harrison moved to defer items 25 through 30 for 90 days, the motion was seconded, and it passed unanimously.

FMPC MINUTES FROM MAY 24, 2007, ITEM 28

City Administrator Johnson stated that this proposed zoning was recommended by the Planning Department as it was consistent with the Land Use Plan and the current development of the area. He asked for approval.

Chairman Hathaway asked for citizen comments. There were none.

Mrs. McLemore moved to recommend approval of Ordinance 2007-16 to the Board of Mayor and Aldermen, Mr. Barnhill seconded the motion, and it passed unanimously.

DRAFT BOMA MINUTES FROM JULY 10, 2007, ITEM 17

Alderman Lewis moved for approval. Seconded by Alderman Klatt. Motion carried unanimously.

Character Areas and Special Area

Berrys Chapel, Special Area 5

Franklin Land Use Plan Recommendations

The vision of Berrys Chapel is that the area between Franklin and Hillsboro Roads will be maintained with a semi-rural character. This will be an area where preservation and protection of the natural scenic beauty created by hillsides, hilltops, viewsheds and watersheds is integrated with high-quality land planning and architectural design to retain and enhance the community character [p. 55].

Special Area 5 recommendations are as follows:

1. The character of this area is largely developed.
2. New development shall reflect the existing character.
