LAND USE PLAN RECOMMENDATIONS

This area is largely either built out or committed through approved Concept Plans and typically includes attached and detached residential, parks and open space, with limited institutional and commercial uses. However, there are significantly sized parcels that are currently vacant or agricultural which may be considered for development in the future.

Existing uses are predominantly attached or detached residential. New development shall be consistent with these predominate uses.

Civic and Institutional uses, such as but not limited to schools and churches, are appropriate in nodes located at major intersections of collector or arterial streets or along Murfreesboro Road so long as the site design and traffic implications area adequately addressed.

There are currently limited commercial and other nonresidential uses are sprinkled throughout this special area. Because Special Areas within Seward Hall Character Area are identified as potential Activity Areas, additional commercial, office or retail uses are not supported.

PROJECT BACKGROUND:

This request is to rezone the property at 4114 Murfreesboro Road from R-1 to AG to bring the property into conforming use. The property currently functions as a landscape business. The landscape business use is not permitted in the R-1 zoning district, but is an allowed use in the AG district. The landscape business was in operation on this property when the property was annexed by the City in 2008. The property had previously been zoned Suburban Estate Residential by the county, but the commercial use had been permitted under a special exemption. A condition of the special exemption was that the property was required to serve as a single-family residence, in addition to the nursery. Just prior to 2008, the residence was converted to an office, which resulted in non-conforming use status with the county. Soon after, the property was annexed by the City of Franklin and zoned to R-1. The property owner has continued to work with the local governmental entities to resolve the non-conforming use status. In response to neighborhood concerns, the applicant has chosen to only request a rezoning to the commercial property, and to leave the property with the single family structure within the R-1 zoning district. To remedy the non-conforming status of the commercial business, the property owner is requesting to rezone the property from R-1 to AG.

PROJECT REVIEW

STAFF RECOMMENDATION: Favorable Recommendation to BOMA

COMMENTS: None;

See attached pages for a list of staff recommended conditions of approval.

PROCEDURAL REQUIREMENTS:

1. Fifteen (15) half-size copies of the Rezoning shall be submitted to the Department of Planning and Sustainability by 9am on the Monday after the Planning Commission meeting in order to be placed on the Board of Mayor and Aldermen agenda.
2. The city's project identification number shall be included on all correspondence with any city department relative to this project.

***PROJECT CONSIDERATIONS:**

1. None;

*** These items are not conditions of this approval, but are intended to highlight issues that should be considered in the overall site design or may be required when more detailed plans are submitted for review. These items are not meant to be exhaustive and all City requirements and ordinances must be met with each plan submittal.**

FRANKLIN MUNICIPAL PLANNING COMMISSION (FMPC) PROCESS AND PROCEDURES

If the applicant has questions about, or is in disagreement with, a condition of approval, they shall contact the project planner within the Department of Planning and Sustainability prior to the FMPC meeting. If the applicant fails to notify the Department of Planning and Sustainability of an objection to a condition of approval by one (1) day prior to the FMPC Meeting and raises their objection at the FMPC meeting, staff shall recommend deferral of the item until the next available Agenda.

The following is the process for an item to be heard by the FMPC during their monthly meetings:

1. Staff Presentation,
2. Public Comments,
3. Applicant presentation, and
4. Motion/discussion/vote.

This format has been established to facilitate a more orderly FMPC meeting. The process is intentionally designed in order for any applicant questions or disagreements about conditions of approval to be resolved prior to the meeting, rather than during the FMPC meeting. Only when disagreements about conditions of approval cannot be resolved by the applicants and staff prior to the meeting should those issues be raised during the FMPC meeting.
