## MEMORANDUM

---

June 27, 2014

TO: Board of Mayor and Aldermen

FROM: Eric Stuckey, City Administrator *Eric*  
Vernon Gerth, Assistant City Administrator for Community and Economic Development  
Catherine Powers, Planning and Sustainability Director

SUBJECT: Ordinance 2014-10, An ordinance to amend Section 2.4.3(3) of the Franklin Zoning Ordinance which regulates exemption to site plan review.

### **Purpose**

The purpose of this memorandum is to consider allowing an exemption to the Site Plan Review Regulations as in Section 2.4.3 (3), Site Plan Review.

### **Background**

The City of Franklin occasionally receives requests for Site Plan Review of projects that are very small in scope. Generally, these projects are small additions to existing buildings, paving of existing parking lots or adding a few spaces to a paved lot to accommodate a greater parking need. At the current time, these small nonresidential projects are subject to a full Site Plan Review. However, since there is not a requirement for a Stormwater Plan and most of the infrastructure is existing, there is little information to review.

Staff would, therefore, request consideration of allowing these projects to be exempted from Site Plan Review and provide a Zoning Review at the time of Building Permit issuance. This revision will not diminish the level of review and will reduce by at least 45 days the amount of time required to receive a permit. The change will also provide staff more time to review larger, more detailed plans.

### **Financial Impact**

Not applicable to this item.

### **Options**

The Board could approve, amend, or decline the proposed amendment.

### **Recommendation**

Approval of Ordinance 2014-10 is recommended.
