MEMORANDUM

July 31, 2014

TO: Board of Mayor and Aldermen

FROM: Eric S. Stuckey, City Administrator 
Shirley Harmon, Human Resources Director
Rocky Garzarek, Fire Chief

SUBJECT: Consideration of reclassifying an Assistant Fire Chief to Deputy Fire Chief

Purpose

The purpose of this memorandum is to present to the Board of Mayor and Aldermen (BOMA) information to consider the reclassification of an Assistant Fire Chief to Deputy Fire Chief within the Fire Department.

Background

Currently, the Fire Department's organizational structure includes two Deputy Chief positions (Operations and Administration/Emergency Management). Both of these positions are currently vacant. A third division within the department, Inspection Services, is supervised by an Assistant Chief/Fire Marshal. The existing organizational chart as included in the FY 2015 budget is attached.

The proposed organizational change is to reclassify an Assistant Fire Chief/Fire Marshal position to Deputy Fire Chief. Attached is Resolution 2014-59, which provides for the reclassification and the resultant change in the Fire Department's organizational structure. This change will result in the position's responsibilities being expanded to include key strategic initiatives, such as accreditation and professional standards. The Deputy Chief will work with staff to create and implement far reaching strategic plans addressing population growth, financial changes, workforce dynamics, and community engagement. The Department will focus resources to evaluate program effectiveness and the development of strategic, streamlined work processes in an effort to deliver continuous, cooperative and seamless customer service.

The additional Deputy Chief position will also allow for continuity of service with the Assistant Chief/Fire Marshal position. This position requires specific technical knowledge, skills and abilities and then balanced with institutional knowledge and communication skills, could prove to be a difficult position to rehire should a vacancy be created. The public education component will also continue to be supervised by the proposed reclassified position.

Recently, the Fire Department conducted an assessment center for the Deputy Chief vacancies. All three candidates performed well, exhibiting strengths and qualities, which augment our department's performance. Their abilities serve the advancement of the City in several key areas, including: operations, training, administration, budgeting, community risk reduction, and planning. All three candidates warrant promotion to Deputy Chief and would be well suited to fill the three Deputy Chief positions included in the proposed organizational structure.
