MEMORANDUM

January 14, 2010

TO: Board of Mayor and Aldermen
FROM: City Administrator Eric S. Stuckey 
Assistant City Administrator Russ Truell
SUBJECT: Animal Control

Purpose

Consideration of a budget amendment to increase the appropriation to Williamson County for animal control.

Background

During the last budget process, all services in the Appropriations category were reduced by an average of ten percent. Those reductions also affected the contribution to animal control. After passage of the budget, it was learned that the County's appropriation to animal control was not reduced. It was also learned that there is an existing contract with the County that prescribes the level of City's participation. In order to satisfy the contractual obligation, the budget for animal control needs to be increased by 5,248 in order to restore the level of funding in the prior year.

Financial Impact

An additional amount will be required to be drawn from fund balances.

Options

Adopt the budget amendment or default on contract.

Recommendation

Staff recommends approving the amendment because of the contractual obligation and the value of the service provided by animal control.
