Thank you to all the employees who helped out, played some games, and raised money for a great cause, **the United Way of Williamson County**. The winners of the cornhole tournament were **Kenny Ray Howell (Streets) and Robert Blount (Parks)** and in second place it was **Dylan Wright (Parks) and Jeff Belcher (Water)**. The winner of the darts tournament was **Dusty Leeth (Water) and second place was Leah Kelley (HR)**.

If you didn't make it out to the lunch and still want to help the United Way, this is your last chance to vote in the dance challenge, **Mayor Moore** and I are battling it out online in an **Executive Chair Dance Off**. We're putting our championship mirror balls from **Dancing with the Nashville Stars** aside to settle it once and for all. You can donate/vote at any level you would like to help one of us win, and your dollars will go to **United Way of Williamson County!** In Williamson County, United Way reinvests .86 cents of every dollar back into the community to fund programs that serve individuals in need including over 40 programs from 30 different agencies. All United Ways believe in accountability and transparency. Here is a link to United Way of Williamson County's 4 star evaluation (the top possible rating) with Charity

The **Franklin Fire Department** is offering two CPR classes in honor of **American Heart Month**. These non-certification classes are for those who want to learn CPR and do not need a CPR course completion card to meet a job requirement. Participants will learn how to perform CPR, use an AED, and relieve choking in adults, children and infants. The classes are recommended for those who are 12 years of age and older. To register please visit the Franklin Fire Department's website at www.franklintn.gov/fire or contact Jamie Melton at [615-791-3270](tel:615-791-3270) or jamie.melton@franklintn.gov. According to the American Heart Association, 70 percent of Americans may feel helpless to act during a cardiac emergency because they do not know how, or lack the confidence, to administer CPR. This statistic could hit close to home, because AHA says home is where 88 percent of cardiac arrests occur. Put very simply, the life you save with CPR is mostly likely to be someone you love. See a video about CPR and how it saved a Franklin Mom's life, produced by the Fire Department and Steve Price <https://www.youtube.com/embed/JGFq-Wu30VI> See dates of classes below.

- Tuesday, February 27, 12 – 2 p.m., Franklin City Hall, 109 3rd Ave. South
