**Thank you note this week:**

*Chris (Bridgewater), I wanted to take this opportunity to tell you how much I appreciate the tremendous efforts of the entire team from **the City of Franklin and Fire Department on the Cameron apartments**. There are many people to thank but I would like to specifically recognize **Roger Layman, Wayne Mobley, Maurice Holland, Allen Lewis and Teresa Stevens**. Their willingness to attend meetings at the site, answer our calls, e-mails and texts, the tireless hours that some of them spent on the project and the professionalism and patience demonstrated by everyone throughout the entire process was exemplary! Construction and the completion of a project can be a very difficult and trying process at times but the task is certainly made easier and more enjoyable when you are working with folks like the ones recognized above and the countless others who have played a role on the project over the many months of construction. I know that it starts with you and **Vernon** setting the right*

tone and I would be remiss if I didn't recognize both of you and your effective leadership. Thank you! I look forward to working with this entire team on many more projects in the future! Sincerely, **Rick Sneed**  
**Executive Vice President of Construction**

As many of you know, consumer fireworks are illegal in the City of Franklin. The **Franklin Fire Department** worked with the **Communications** division to get the word out to the public this past week. Special thanks to **Amy Diaz-Barriga** in Planning who allowed us to use her daughter as a model for our "meme" on social media. **Gabi** may not have been happy at this moment, but she is 7 now. When Amy showed it to her she said, "Wow, I wasn't very happy in that picture!" But she laughed about the city using her photo for comedic relief. Thanks Gabi for helping us make sure our residents stay safe!
