

*Friday, September 14, 2018*

All are welcome to join us today at 11am to **walk with Mayor Moore** in support of Prostate Health Awareness! We will start outside of City Hall near the Administration office and will have pins available to support awareness.

A team from **Franklin Fire and Police** are at the **South Carolina Fire Training Academy in Columbia, South Carolina**. They are assisting with the hurricane response. They left Wednesday morning. When they have time they will be posting updates to our City Facebook page. Our prayers are with them and the people they will be helping. **Thank you to these brave co-workers: Glenn Johnson, Tom Chaffin, Jonathon Jenkins, Jeremy Martin, Rob Thomas, Jonathan Gill, Joe Burwell, Daniel Smotherman, Jeremiah Rodgers, Cody Walter, Branden McClellan, Ryan Grande, and Sean Finn.**

The **Pilgrimage Music and Cultural Festival** is happening next weekend. The Park at Harlinsdale Farm is closed for set-up. Over 25,000 visitors are expected each day of the festival. Our **Special Events Team** has been working throughout the year to create a traffic and safety plan for all the visitors to our city. For the first time this year there will be an emergency operations center inside the festival grounds. Earlier this year our team along with those from the Pilgrimage Festival completed an emergency tabletop exercise for all types of scenarios. I appreciate all the planning and hard work of our staff that goes into this event.

The **Communications division and liaisons from all departments** have been working to design and revamp our website through the better part of the year. The new site will have an updated look and navigation with events and meetings on the main page. See the photo. **The new site will launch Friday, September 28.** Thank you to all from every department who have worked on this project. This will be a nice improvement for our citizens.

[RECYCLING & TRASH](#)

**A nice thank you note for our Street Department.**

*Good Afternoon: I guess you could call this an after-action report of the milling process of Carriage Park Monday and Tuesday as completed. I have walked the entire street system and I am amazed at the efficiency of the company doing the milling. The job site was as clean as you could or would expect. The workers/contractors were very professional, dressed well for what they had to do, safety equipment in place on person and on vehicles. Flaggers out and in control. I met with a Manager from A-1 who took the time to explain what they were doing and how it was accomplished. I noticed Mr. Derrick McCord was on site the entire time and again advising me of what was completed and talking to many of the residents of Carriage Park good interactions.*

*One minor incident, a mailbox was hit and before we could report it the contractors and Road Inspector advised the resident and myself it would be taken care of.*

*All in all, job well down for Carriage Park and the City of Franklin. Please feel free to pass on.*

*Regards:--Wayne Wilson*
