The **Parks Maintenance Crew** consisting of **Tanner Warf, Randel McCord, Otto Zeise, Henry Beard and Manuel Atilano** from **Facilitates** are currently installing a new ADA walkway from the Tinkerbell pavilion at Pinkerton Park to the center portion of the walking trail. In conjunction with this walkway a **Young Professional Leaders Group of Williamson INC.** initiated through **Friends of Franklin Park** purposed a pair of concrete Corn Hole boards for this area. The boards and concrete for the project were donated to the city from these two groups. We also captured the experience of Young Senior Operator Mr. Nolan at the age of 4 to help remove dirt from the area. He actually knew the name of the

machine without being told and did not want to leave. Mr. Nolan has been back every day to watch the progress. Maintenance hopes to finish the concrete this week and set the Corn Hole boards in a week or so after full cure. Many thanks and much appreciation goes out to **Friends of Franklin Parks (Torrey Barnhill)** for their support in making this project come to life and of course our talented Maintenance Department.

Congratulations to **John Wagnon in the Parks Department!** He will be officially **certified** as a **Sports Field Manager** as of September 1, 2019. John passed the Certified Sports Field Managers Exam in Ergonomics, Pest Management, Administration and Sports Specific Field Management from the **Sports Turf Managers Association**. Great job, John!

**Meet our new City Team members:**
