STAY AT HOME EXECUTIVE ORDER

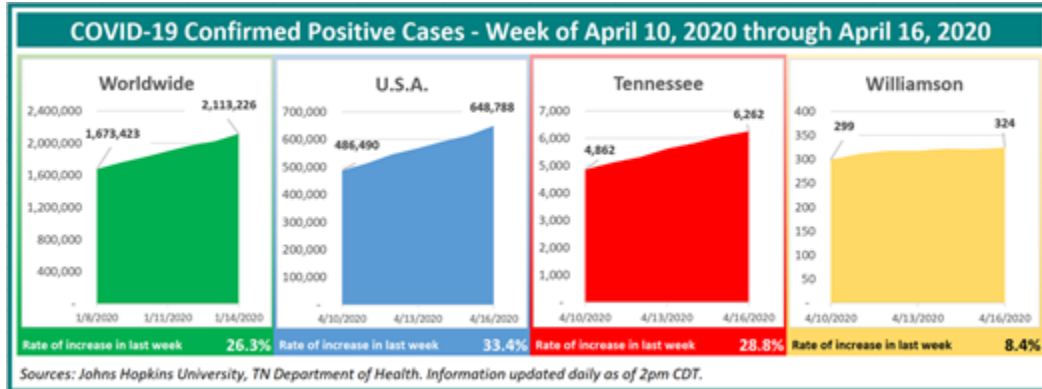

PRACTICE PHYSICAL DISTANCING

Remember to keep at least a LUKE BRYAN distance away from others to help stop the spread of COVID-19

Coronavirus Update: Please maintain your physical distancing, stay one Luke Bryan (6 feet) away from co-workers and citizens. It seems to be working in our state and we are continuing to flatten the curve as you can see in the graph below. This week, **Mayor Moore renewed a Stay at Home order and State of Emergency for the City of Franklin.** Please visit www.franklintn.gov/stayathome for information about the recent order. The City has been on a stay at home order since March 24. There are also more resources on our COVID-19 page: www.franklintn.gov/covid-19. The latest number of Coronavirus cases in Tennessee are 6,252 and in Williamson County there are 324. There have been 691 hospitalizations across the state. For more information on the numbers go to www.tn.gov/health. Also I have attached is a document that contains some great learning options that might be helpful to those of you with kids at home. Virtual museum tours, virtual field trips and a 30-day activity calendar are a few of the resources cited.

The Williamson County Health Department is offering FREE drive through testing for ANYONE who wants a test. You do not have to have any symptoms to get the test (you also do not even need to be a Williamson County resident). The Health Department have locations in Franklin and Fairview Monday through Friday from 9 a.m. through 3 p.m. This Saturday (4/18), Williamson County Health Department will offer drive through testing from 10 a.m.-3p.m. at their office located at the County Complex on West Main Street in Franklin. See the addresses and phone numbers in the graphic.

Our **Communications Division** continues to highlight many of our essential team members on social media. Pictured below are team members from **Legal-Maricruz Fincher, Streets-Gene Woodard and Water Management-Keith Poyner. We appreciate all the work our team is doing to keep serving the community. Keep up the good work!**

A nice thank you note from **Alderman Scott Speedy**.
*Just wanted to pass along how incredibly efficient Steve Grubb and the Streets department were in following up on a phone call and e-mail I received about a 'concrete glob' at the corner of Mack Hatcher & Lewisburg. I spoke with **Chris Vernon** on Tuesday and Chris e-mailed me pictures on Wednesday. Steve and his department had it removed by Thursday! I'm sure motorists and bicyclists will appreciate removing this safety hazard.—Thanks Scott*

That's it for this week. In the coming week, we'll be talking with city leaders and other community leaders to strategize on reopening the City and our local economy. That will include some changes in the way we are working, stay tuned for more information next week. Thanks for *all* you do!
