### PLEASE NOTE:

General safety precautions should be followed for all SCM maintenance activities. OSHA permit-required confined space protocols must be followed during the inspection and maintenance of certain stormwater quality underground detention units.

### In addition to this list:

As another resource, the University of Tennessee (UT) and the Tennessee Department of Environment and Conservation (TDEC) provides a state wide training and certification program for post construction SCM inspection and maintenance. For the list of certified professionals, visit: <https://tnpermanentstormwater.org/SCMIMcertList.asp>
