A large group of employees toured the buildings off Columbia Ave. that will be the **interim City Hall beginning in January 2025**. The three buildings are the First Bank building on Columbia (the southern portion of the building), the three-story building on 9th Ave South (these offices wrap the parking garage immediately west of the First Bank building), and the white house building on 9th Ave. South. We received a nice thank you note for our **Streets Department!** Thank you team!

*Hello, My name is **Ginger Parnell**. I live on West End Circle (off North Petway). Our street was paved in June. My driveway was damaged, so **Derrick McCord** came immediately to look. So very kind and professional, he explained what steps needed to be taken. He certainly stayed in touch with me and the work was done today. The **men on the work crew** honestly acted as a well-trained football team. It was very clear from the start that they respected one another and worked together as a family. You must be very proud of them...I too, love my life in Franklin TN.BTW, I make some pretty good pies at Halfway Market 🥧! Thanks for reading and have a great day!*
