ITEM #8  
WRKS 02/08/2011

## MEMORANDUM

---

January 31, 2011

**TO:** Board of Mayor and Alderman

**FROM:** Eric Stuckey, City Administrator *ES*  
Vernon Gerth, ACA-Community and Economic Development  
Kristen Corn, Staff Attorney

**SUBJECT:** Ordinances 2011-08 Building and Streets Standards Board of Appeals – Landscape Architect

---

### **Purpose**

The purpose of this memorandum is to amend recently approved Ordinance 2010-70 that created the Building and Streets Standards Board of Appeals allowing for one of the two (2) positions reserved for a State licensed architect to be a State licensed Landscape Architect.

### **Background**

This past November, the Board of Mayor and Alderman created the Building and Streets Standards Board of Appeals whose membership reflects the requisite experience and knowledge to interpret the City's adopted building construction, development, and street standards. The Building and Street Standards Board of Appeals will be comprised of a cross-section of State of Tennessee licensed and certified professionals familiar with all phases of development design and building construction.

In the original Ordinance two (2) of the nine (9) positions were reserved for State of Tennessee Licensed Architects. The proposed amendment offers flexibility by allowing one of the two Architects to be a Licensed Landscape Architect. This flexibility allows for attracting a cross-section of Williamson County residents who are familiar with all aspects of development design and construction while recognizing the expertise and valuable contributions Landscape Architects bring to development.

### **Financial Impact**

There are no additional financial implications expected. There is no compensation for Building and Streets Standards Board of Appeals members.

### **Recommendation**

Staff recommends approval of the proposed amendment that allows for State licensed Landscape Architect to serve on the Building and Street Standards Board of Appeals.

### **Enclosure**
