# MEMORANDUM

April 12, 2011

TO: Board of Mayor and Aldermen

FROM: Eric Stuckey, City Administrator *Eric*  
Vernon Gerth, Assistant City Administrator for Community and Economic Development  
Catherine Powers, Planning and Sustainability Director

SUBJECT: Ordinance 2011-10, an ordinance to rezone 0.94 acres from Civic Institutional (CI) to Central Commercial (CC) for property located at 112 & 118 Bridge Street

## Purpose

The purpose of this memorandum is to provide the Board of Mayor and Aldermen with information regarding an ordinance to rezone 0.94 acres from Civic Institutional (CI) to Central Commercial (CC) for property located at 112 & 118 Bridge Street (Ordinance 2011-10).

## Background

This ordinance was favorably recommended onto the BOMA by the Planning Commission by a unanimous vote (8-0) at the March 24, 2011, FMPC Meeting.

### LAND USE PLAN RECOMMENDATIONS

The site is located in Central Franklin Character Area, Special Area 1, which has a historic commercial character. Commercial, institutional and residential structures at a scale of 2 to 3 stories currently exist. Commercial uses are to be concentrated in this area to promote a vibrant downtown core while protecting the residential character of the surrounding area.

The area should follow standards for traditional areas. More dense mixed-use and residential development should be allowed in the area. Buildings may be at a scale up to 3 stories. Four story buildings may be permitted pursuant to a PUD in certain circumstances.

Development may be supported by surface or structured parking located to the side or rear of buildings which address the street. On-street parking is encouraged. Surface parking areas should be lined with buildings to diminish the appearance of parking from public view. Structured parking, if provided, must be lined with active ground floor uses. Landscape and/or architectural features should diminish the appearance of parking from public view. Structured parking should be screened from view and should not have a presence along the streetscape. Structured parking may be allowed on the outside of the block if it maintains an active ground floor.

The existing interconnected street and sidewalk network will remain, with wider sidewalks provided as new development occurs. Open space will be minimal given the urban character of this area. Open space exists in certain areas of the downtown core to meet the needs of the area. Urban open space should consist of existing and future publicly-accessible parks and open space (e.g., Bicentennial Park, Harpeth River) and the streetscape. Courtyards and outdoor plaza spaces also provide urban

## PROJECT REVIEW

**STAFF RECOMMENDATION:** Approval of the rezoning request.

**COMMENTS:** This item was discussed at the January 27, 2011 Joint Conceptual Workshop. The rezoning of 112 Bridge Street (“the old old jail”) and 118 Bridge Street (“the old jail”) both located on a single 0.94 acre parcel of land (map and parcel number 063N-B06400) is proposed. The City acquired this property in September 2007 from Williamson County. The City subsequently determined that the property is of no further feasible use to the City and declared it surplus in August 2009. The base zoning of property is presently Civic-Institutional (CI) and uses complimentary to Franklin’s Historic District are limited under the CI zoning. The City published on July 22 and again on July 29, 2010 a Notice to Bidders in the Williamson Herald soliciting bids for purchase from the City of the two institutional structures, including the single parcel of land to be sold as a single package. In addition, solicitation documents were distributed on or about July 30, 2010 directly to various parties known or thought to be interested in this solicitation. In September of 2010, the City received one bid to purchase this property. The City then decided to dismiss the bid, rezone the property and re-solicit at a later date. Based on the guidance provided in the Central Franklin Area Plan as well as the existing base zoning of the surrounding property, staff proposes to proceed with the rezoning of this property to Central Commercial (CC). The Central Commercial designation allows for uses such as retail shops, offices, restaurants, as well as attached or detached residential units.
