MEMORANDUM

July 15, 2011

TO: Board of Mayor and Aldermen

FROM: City Administrator Eric S. Stuckey 
Assistant City Administrator Russell Truell
City Attorney Shauna Billingsley
Purchasing Manager Brian Wilcox

SUBJECT: Consideration of multiple awards for professional services pertaining to title searches and reports for the City's voluntary purchase of real estate or its acquisition by eminent domain for City public works projects and other public purposes, through June 30, 2013 (Purchasing Office Procurement Solicitation No. 2012-006; fees to be allocated to the projects to which the services pertain)

Purpose

The purpose of this procurement is to purchase, on an as-needed basis, professional services pertaining to title searches and reports for the voluntary purchase of real estate or its acquisition by eminent domain for City public works projects and other public purposes.

Background

Since May of 2006, the Law Department, in conjunction with the Engineering Department, has established and maintained a list of selected firms qualified to provide title search and opinion services on an as-needed basis at a fixed per transaction rate established by the City of \$300 per search and report or opinion. The current arrangement expired June 30, 2011 and the Law Department has requested that a new arrangement be established, to be effective through June 30, 2013. The purpose of this procurement is to allow the City to request services from all qualified vendors in rotation, as a rule on a project-by-project basis, with the same firm doing all searches and reports with respect to the same public works project. The City may alter this practice at its sole discretion in cases where a particular project involves a large number of searches and reports or for any other reason. The order of priority on the list shall be established by the City's Law Department by some random selection method. The City will use best efforts to see that title search work is equitably allocated among firms on the qualified list, but does not guarantee any vendor any particular number of assignments per year or that the assignments will in fact be evenly divided. A vendor may decline a particular assignment or withdraw from the list during the year without penalty.

The City published on June 30, 2011 a Notice to Vendors in the *Williamson Herald* for professional services pertaining to title searches and reports for the City's voluntary purchase of real estate or its acquisition by eminent domain for City public works projects and other public purposes. In addition, solicitation documents were sent on or about the same date directly to eleven (11) potential vendors known or thought to be interested in this solicitation. Submittals from seven (7) vendors were publicly opened at the submittal opening held on July 14, 2011. A tabulation of the submittals received for this solicitation is attached. None of the submittals indicate the need for any of the service providers to take any exceptions to the City's solicitation.

Financial Impact

Fees for title search services rendered, at the fixed per transaction rate established by the City of \$300 per search and report or opinion, will be allocated to the projects to which the services pertain.

Options

In accordance with the solicitation documents, the City reserves the right to reject any and all submittals.

MEMORANDUM

Recommendation

Staff recommends that the City accepts and declares responsive and responsible the seven (7) submittals received in response to the City's solicitation for title search services. Purchasing Manager Brian Wilcox is of the opinion that the prepared solicitation documents as distributed allowed for competition among multiple vendors, and that the recommendation appears to be made in a fair and impartial manner based upon the submittals received.
